Limited Spaces

Space is extremely limited in our in-person camp this summer due to COVID safety protocols. These protocols have been set to ensure the safety of our students, staff and community.

It is Sitar's mission that 80% of our families come from households whose income falls below 50% of the median area income. All families must provide household income information and reservations for in-person camp will be limited based on that verification.

Health Protocols

There is not a nurse on staff. Sitar staff is certified to administer medication and First Aid/CPR during camp hours.

All students attending Camp Sitar In-Person will be required to submit a **VALID DC HEALTH & IMMUNIZATION** Form by no later than June 2nd.

Safety Protocols

Below are some of the steps we are taking to create a safe learning environment this summer:

- Performing daily health and wellness screenings prior to entry.
- Reducing class sizes to no more than 8 students per class and limiting interaction outside of the core class (students and teachers).
- Practicing proper social distancing in all areas and classrooms.
- Requiring the use of masks and other PPE (personal protection equipment) for all Sitar staff, camp teachers, and camp students.
- Keeping camp students in the same cohort and classroom for the entire camp day; this includes consuming lunch in their respective classrooms.
- Cleaning and disinfecting classrooms and high-traffic areas throughout and at the end of each day.

Sitar Arts Center will continue to monitor guidelines and safety protocol as mandated by the District of Columbia. In the event that in-person programming can no longer continue safely or is required to halt due to changes in guidelines/protocol, Sitar Arts Center will contact student's families to discuss alternatives which include virtual programming and/or providing credits or tuition refunds.

IN-PERSON

CAMP OVERVIEW

CURRENT AND NEW FAMILIES

Camp Sitar In-Person

Camp Sitar In-Person will enable students to focus deeply on their chosen discipline each session. Students will select one art focus for each session enrolled and will be in that focus for the entire week-long session.

Students will be with the same teacher and classmates for the duration of each camp day that week.

There are four different periods of class time throughout the day, where students will explore techniques within their chosen focus. Additionally, teachers will add literacy and other activities integrated into the arts discipline to add variety and keep their class engaged and excited to be at Camp Sitar!

Meals

Due to the limited capacity of our in-person programming, we will not be able to provide meals this summer. If this is a major concern for your family, please contact us at camp@sitarartscenter.org.

Students must bring a lunch, as well as a reusable water bottle each day to camp. There will not be access to water fountains, but there will be fillable water bottle stations. Please be sure to label ALL lunch boxes, containers and water bottles with your student's name.

NOTE: Sitar Arts Center and its partnering organizations are not responsible for lost or damaged items or storing personal food items.

LUNCH RULES

- All food allergies must be reported at registration
- Candy, gum, soda, fast food, any nut products are NOT allowed
- Label any containers, including lunch box and water bottle

PROTOCOLOS DE SEGURIDAD

Debido a los protocolos de seguridad requeridos y para garantizar la seguridad de nuestros estudiantes, el personal y la comunidad, nuestra capacidad de espacio para la programación en persona es limitada.

A continuación, se muestran algunos de los pasos que estamos tomando para crear un entorno de aprendizaje seguro este verano:

- Realización de exámenes de salud y bienestar diarios antes de ingresar.
- Reducir el tamaño de las clases a no más de 8 estudiantes por clase y limitar la interacción fuera de la clase principal (estudiantes y maestros).
- Practicar un adecuado distanciamiento social en todos los ámbitos y aulas.
- Exigir el uso de máscaras y otros PPE (equipo de protección personal) para todo el personal de Sitar, los maestros del campamento y los estudiantes del campamento.
- Mantener a los estudiantes del campamento en el mismo grupo y salón de clases durante todo el día del campamento; esto incluye consumir el almuerzo en sus respectivas aulas. Limpieza y desinfección de aulas y áreas de alto tráfico durante y al final de cada día.

Sitar Arts Center continuará monitoreando las pautas y el protocolo de seguridad según lo dispuesto por el Distrito de Columbia. En el caso de que la programación en persona ya no pueda continuar de manera segura o deba detenerse debido a cambios en las pautas / protocolo, Sitar Arts Center se comunicará con las familias de los estudiantes para discutir alternativas que incluyen programación virtual y / o proporcionar créditos o reembolsos de matrícula.

No hay una enfermera en el personal. El personal de Sitar está certificado para administrar medicamentos y primeros auxilios / RCP durante las horas del campamento.
