Family Arts (Early Childhood: 2 and up): A multi-age fun and exploratory forum for families to experiment with a variety of traditional and non-traditional art media. Process is emphasized over product in age-appropriate sessions. All students, at their own pace and level, learn about basic art concepts such as line, color, shape and texture. Art activities include multi-sensory experiences, story time, and play designed to advance your child’s development and foster an early appreciation for the arts. Parents, children and siblings will enjoy this opportunity to bond with one another and interact with other children, parents and siblings. (Music/singing is also incorporated.)

Students will learn classical Indian poses, beautiful and high energy choreographies to popular Indian songs (Bollywood). At the end of the session students will have an opportunity to perform their dances to family and friends. These classes create an opportunity for working as a team, building performance confidence, and learning about culture and language through the arts. Ms. Shuchi Buch is a performing teaching artists classically trained in Bharanatyam; she directed a professional dance company in India. In Washington DC, Ms. Buch is the Director of Taal Academy of Dance. Boys and girls of all skill levels are welcome.

In partnership with Word Dance Theater, this class is in the technique and philosophy of Isadora Duncan, the Mother of Modern Dance. Students will study how the motions of water, wind, and trees inspire the natural movements of the human body while they learn to honor the dance within themselves and each other. This imaginative work supports the basic locomotor skills of skipping, leaping, and waltzing, and fosters individual and collective grace, honor, pride, and freedom. Each technique class will study the mythologies, inspirations, and improvisations around the Duncan steps and dances to build a life-long relationship with natural movement exploration.

**3:15 - 4:00 PM**  Flamenco4Kids™  4-6 y.o.  La Magdalena

At any age Flamenco is a lot more than just dance. But for young children it can be a unique outlet for self expression. Magdalena's classes carefully balance discipline with lots of fun and character development. A parent peeking in on a class might see students learning to stand tall and proud like a King or Queen,... or practicing their stomping in unison like a stampede of horses. Final steps are met with a triumphant shout from the group, “olé!” Children with no dance or music background are welcome. Each class is an experience of a lifetime, as well as an opportunity to engage cooperatively with peers. Se habla español. All genders welcome. Fun weekly “homework.”
