

CLASS SCHEDULE

FALL 2024

September 23 - December 7

Dance | Digital Arts | Drama | Music | Visual Arts | Creative Writing

SITAR
ARTS CENTER

Early Childhood Arts Ages 0 - 6

WEDNESDAY

5:00 - 6:00 PM

Bilingual Drama

3 - 6 yrs

Karen Morales-Chacana

Where are we going? A journey from words to places. Through role play, we study emotions in imaginary scenarios proposed and invented by the children.

THURSDAY

11:00 AM - 12:00 PM

Maternal Music

6 mon - 3 yrs

Dietrich Paredes

In this program parents and their children will be the main protagonists of musical immersion through percussion instruments, sensory elements, and different materials such as paper, and fabrics with different textures connecting synesthesia of music through sounds and colors to emotions.*

*This class requires parent/caregiver participation.

4:00 - 4:45 PM

Family Dance Time

1.5 - 3 yrs

Sylvana Christopher

Family Dance Time is designed for a caregiver and child (age 1.5 - 3) to move, sing and play together. From classical, world music and joyful sing-alongs we use themes appropriate to healthy social development of the child in community. Imagining and physicalizing the natural world and the animals within it helps families imagine and tell stories with their bodies. As a community, we ground, rise, dance and soothe.

5:00 - 5:45 PM

Creative Movement

4 - 5 yrs

Sylvana Christopher

Creative Movement is a class for children (ages 4-5) to safely explore their body's movement, expression and spatial awareness. Creative movers will receive a taste of different types of dance as well as dramatic play with characters and folk tales. In this class, children will explore beauty, comedy and tragedy with musical moves underlining each exercise. Young movers are encouraged to go at their own pace.

Early Childhood Arts Ages 0 - 6

SATURDAY

10:00 - 11:00 AM

Music Initiation

3 - 6 yrs

Loidmary Perenguez

In this program, children will be able to explore various percussion instruments and connect them to basic musical figures and elements. The predominant instruments in this workshop are Boomwhackers, colorful bells, maracas, drums, and xylophones as well as other materials such as colored ribbons and musical figures on paper to begin to recognize the elements of music visually. Kodaly will be used as a method to enter the name of the musical notes.

10:30 - 11:30 AM

Hip Hop

3 - 6 yrs

Jessica Denson

Students will build confidence while experiencing the joy and freedom of hip hop dance fundamentals, in an encouraging and fun environment, with the freshest (and kid-appropriate) music and moves! The goal of this class is to help students further their developmental agility by learning movement phrases that emphasize dynamics, musicality, isolations of body parts, and locomotion. The class structure emphasizes building stamina, coordination, and teamwork through practice and play.

Arts Afterschool Grades K - 12 and Adult

MONDAY

4:00 - 5:00 PM

Sitar Rocks

6th - 12th

Parker Schaffel

This is an invitation-only “rock band” class where students will play rock songs as a group. Band members/instruments include guitar (up to three), bass guitar, drums, vocals (up to three), keyboard/piano, and another percussionist (depending on need, availability, and appropriateness to the music). The group will determine what songs to play and perform live, either at the showcase or other venues, pending invitations and availability. Students will be offered a spot in the class based on their instrument proficiency, past performance, and an assessment of skill, as determined by Sitar staff. This is an opportunity for Sitar students who are proficient in their instruments to branch into other types of music, including rock, hard rock, metal, indie, soft rock, ska, punk, alternative, and more.

4:00 - 5:00 PM

**Beginner Group
Guitar Class**

2nd - 4th

Justin Howell

Beginner guitar class introducing basic technique, theory and will explore the major scale and its harmonization towards performing at least one song in an ensemble.

4:30 - 5:30 PM

Motion Graphics Mondays

7th - 12th

Tim Fabega

If you're new to Adobe After Effects, or ready to create production-quality motion graphics and effects, we've got you covered. Animating 2D and 3D elements, editing using single-point and multipoint tracking, and rendering with Adobe Media Encoder, we'll help you take your still images and turn them into next level video projects.

5:00 - 6:00 PM

Open Rehearsal

6th - 12th

Parker Schaffel

Held in Sitar's deLaski Theater, this is an opportunity for students to rehearse their music and performances throughout the semester rather than just for a single event at the end of the semester. This class will help students increase their confidence and preparedness for a showcase performance. They will develop their own custom sound, lighting, and stage design, setting them apart. Students interested in music and stage production, whether as performers or non-performers, can manage the soundboard and lightboard and gain experience in stage setup and placement. Students will develop comfort playing on stage while getting a say in how they sound, look, and position themselves.

Arts Afterschool Grades K - 12 and Adult

MONDAY

5:00 - 6:00 PM

Upcycling Fashion

4th - 8th

Aszana Lopez-Bell

In this class we will use recycled materials to create a new piece every two or three weeks. Along the way we will go over how we can consume fashion more sustainably and what we should look at when buying new clothes and refashioning some of our old items. The culminating project will include one garment to present at a fashion show at the end of the semester.

5:00 - 6:00 PM

Saints Band Jr.

6th - 12th

Joe Link

Students will dive into the rhythms and melodies of rock, jazz, R&B, and Latin music, learning to perform a wide range of styles that will broaden their musical horizons in a band. By the end of the semester, students will showcase their talents in a live performance, demonstrating their growth as versatile, confident musicians! This class is for students enrolled in a private lesson: drums, bass, guitar, piano, vocals, violin, woodwinds, or brass.

6:00 - 7:00 PM

Face Painting

4th - 8th

Sofia Doroshenko

This course will introduce students to face painting, starting with the basics of using professional face paints, brushes, sponges, and stencils. They will combine simple techniques and eventually gain the skills to create full-face designs like animal masks, floral patterns, holiday-themed art, and more! Using FDA-approved facepaints, the students will have the chance to practice on themselves, and each other. By the end of the course they will have the skills to imagine and create their own facepaint designs.

6:00 - 7:00 PM

**Introduction to
Fashion Design**

9th - Adult

Aszana Lopez-Bell

Students will get an introduction to fashion design, starting from research and development, up to designing a final garment. In the beginning, we will focus on developing a sense of design, looking at – of art, the environment, and clothes we already have, to gather inspiration. We will also practice drawing, including figure drawing and sketching, so as to prepare us for drawing out designs. We will also experiment with textile creation, – over how we can create different textiles through manipulation, dyeing, washing, melting, etc. We will practice draping textiles on the body, to simulate our designs. There will be a sewing demo, but sewing is not required. The culminating project will include one final garment to show at a fashion show at the end of the semester.

Arts Afterschool Grades K - 12 and Adult
